MAXIFLEX EXTRA LARGE DRESSING

30cm x 45cm

Extra large dressing.

Unique features for major injuries.

Super absorbent wound pad.

Wound coverage 30cm x 45cm.

A stretch bandage material with a dressing pad.

For use when more than standard HSE dressing are required.

Maxiflex dressings are suitable for all major injuries.

All first aiders, emergency services and emergency service personnel should have this dressing.

NB: Maxiflex multi-absorbent dressings do not contain super-absorbent powders. Sanitary towels and incontinence pads routinely use super-absorbent powders which turn to gel on contact with water. Should such components enter the bloodstream via an open wound, they can present a serious medical risk.

NO 1 AMBULANCE DRESSING

No.1

Sterile and individually wrapped.

Thicker than standard wound pads.

Soft stretch conforming bandage.

Designed for use by first aiders, paramedics, and emergency service personnel. these sterile dressings are flow wrapped for quick and easy unpacking.

The main feature is the added thickness of the absorbent pad compared to standard dressings.

This feature makes this range of dressings a useful alternative when treating a particularly deeper wound.
